Kleano Product Guide

How the customer app, biker app and admin dashboard work, flow by flow and page by page.

31 October 2026. Screens are from the running apps with test data, so names, prices and photos are examples. Phone numbers and email addresses are masked.

Contents

1. How it fits together
2. The journey of one wash
3. Customer app
4. Biker app
5. Admin dashboard

1. How it fits together

Three products share one backend, so a change in one reaches the others.

Product	Who uses it	Main job	Runs on
Customer app	Car owners	Book, pay, follow and rate a wash	iPhone, Android
Biker app	Bikers who wash the cars	Work each order stage by stage, see earnings and schedule	iPhone, Android
Admin dashboard	Kleano team	Run orders, people, prices, schedules and content	Web browser

Both apps and the dashboard work in English and Arabic. Both apps also offer Light, Dark and Same as phone appearance.

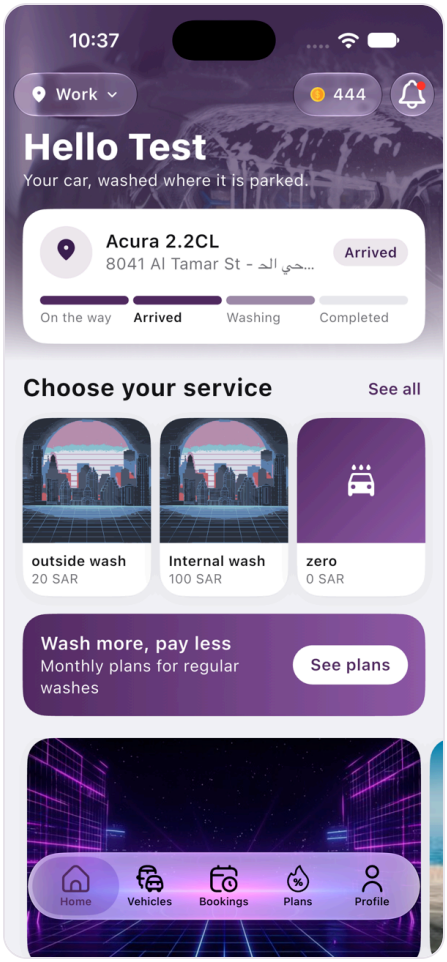

2. The journey of one wash

A wash moves through these stages, and all three products show the same status.

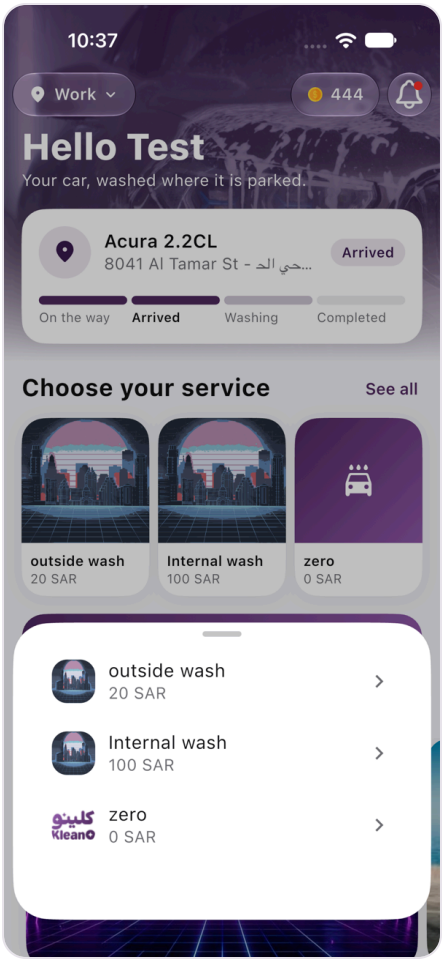

Stage	Customer sees	Biker does	Team can
Booked	Order confirmed, listed under Bookings	Nothing yet	See it under Orders, cancel it
Waiting for biker	Waiting status	Nothing yet	Assign a biker from Order Details
Accepted by biker	Accepted status	Sees it in Active orders, swipes On the way to client	Reassign or cancel
On the way	Live map with Track your wash, status on Lock Screen or in notification	Swipes Arrive to client; live location is sent	Cancel
Arrived	Arrived status	Adds a before-wash photo, swipes Start washing	Cancel from Order Details
Washing	Washing status	Adds an after-wash photo, swipes Complete Wash	Cancel from Order Details
Completed	Before and after photos, rating request	Rates the client	See photos and ratings

3. Customer app

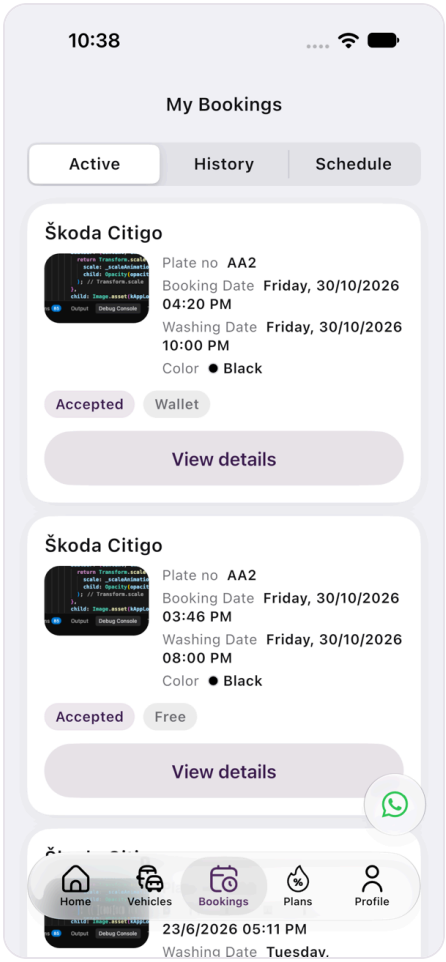

Five tabs run along the bottom: Home, Vehicles, Bookings, Plans and Profile. A WhatsApp support button floats on every tab except Home.

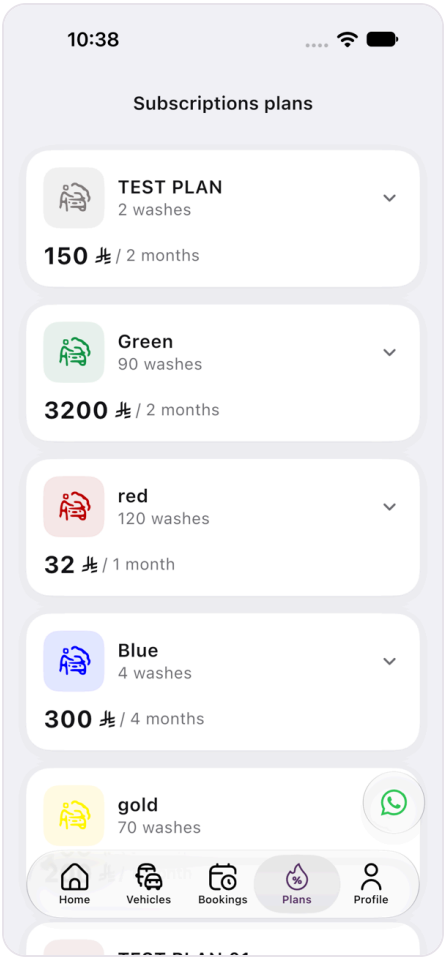

Home

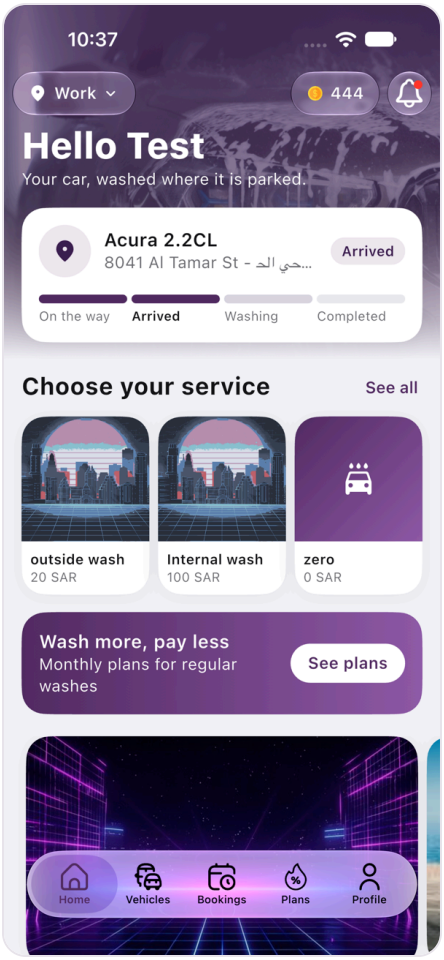

All services

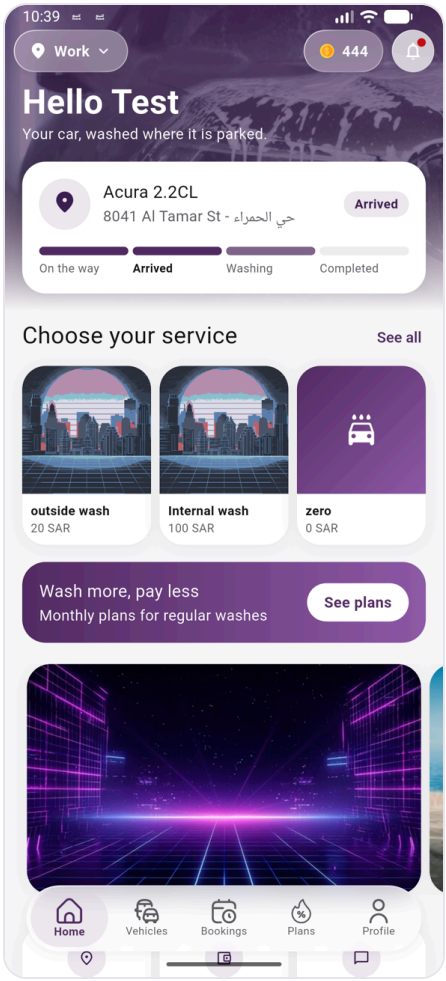

Bookings

Plans

Wash status in the Dynamic Island

Home on Android

Customer flows

Sign up

1. On Welcome, tap Sign up.
2. Enter name and phone number. Email is optional.
3. Tick the terms and tap Sign up.
4. Enter the code sent by SMS and tap Verify.
5. Add a first address on the map.
6. Home opens.

Log in

1. On Welcome, tap Log in and enter the phone number.
2. Enter the SMS code and tap Verify.
3. Home opens, or the address map if no address is saved.

Browse as a guest

1. On Welcome, tap Continue as a guest.
2. Browse services, plans, offers, terms and contact details.
3. Booking, subscribing, Vehicles and Bookings ask the guest to sign up.

Book a wash

1. On Home, tap a service and tick any extras, then tap Next.
2. Choose a car, or add one.
3. Choose a date (today plus the next 13 days) and an available time.
4. Check the address. Add notes, add-ons or the car freshener if wanted.
5. Tap Confirm.
6. On Order details, optionally apply a promo code or points, then choose a payment method and pay.
7. Order confirmed appears. Go to orders opens Bookings.

If there is nothing to pay, such as a wash covered by a plan, the order is placed straight after Confirm. Book again on Home starts from step 2 with the same service and car.

Pay

1. Credit card: enter the card, tap Pay now, then finish on the secure payment page.
2. Apple Pay (iPhone): choose Apple Pay and confirm on the Apple Pay button.
3. Wallet: choose Wallet if the balance covers the total, then tap Confirm order.

Follow a wash

1. See the status on the Home card or under Bookings, Active.
2. While the biker is on the way, tap Track your wash for the live map.
3. Open Wash details at any stage for stages, biker contact and photos.
4. Outside the app, see the stage on the iPhone Lock Screen and Dynamic Island, or in an Android notification.

Outside the app, the status currently updates only while the app is running. Updates with the app closed need a backend change.

Cancel a booking

1. Open Wash details from Bookings or the Home card.
2. Tap the bin icon.
3. Tap Cancel order and confirm.

Customers can cancel only until a biker has accepted. After that the icon no longer appears.

Rate a wash

1. When the wash completes with the live map open, the rating appears automatically.
2. Otherwise open Wash details and tap Rate wash now.
3. Pick stars and tap Submit feedback, or Skip for now.

Add a car

1. From Vehicles or Booking details, tap Add new vehicle.
2. Choose brand and model, and enter the plate. All three are required.
3. Pick a colour and optionally add a photo.
4. Tap Add vehicle.

Add an address

1. Tap the address chip on Home, then Add address.
2. Move the map or search for the place.
3. Choose a label: Home, Work or Other.
4. Tap Add address.

Places outside the service area show a message instead of the form. Changing address returns to Home and restarts a booking in progress.

Top up the wallet

1. In Profile, tap Wallet and enter an amount.
2. Pay by card or Apple Pay.
3. Tap Back on the success message to return to Profile.

Use a promo code or points

1. On Order details, type a promo code and tap Apply, or tap Use on the Promo codes page first and then tap Apply here.
2. To use points, enter a number up to your balance and tap Apply.
3. Tap Remove to undo either one.

Promo codes and points apply to bookings, not plan purchases.

Buy a plan

1. On Plans, tap a plan to expand it and tap Subscribe.
2. Confirm and tap Checkout.
3. Choose card, Apple Pay or wallet, then tap Checkout.
4. The success message returns to Plans.

A customer with an active plan cannot subscribe to another until it ends. There is no cancel or renew action in the app.

Customer pages: getting started

Splash

Shows the logo and decides where to start.

Where it leads: Onboarding, Welcome or the address check.

Onboarding

Three intro slides on first launch.

On screen: Photo, title, text and progress dots.
What you can do: Change language, Skip, Next, Get started.
Where it leads: Welcome.

Welcome

Lets people choose how to enter the app.

What you can do: Sign up, Log in, Continue as a guest.
Where it leads: Create account, Log in or Home.

Create account

Registers a new customer.

On screen: Name, optional email, phone with country code, terms checkbox.
What you can do: Read the terms, tap Sign up.
Where it leads: Verify code.

Log in

Signs in with a phone number.

What you can do: Choose country code, tap Log in.
Where it leads: Verify code.

Verify code

Confirms the phone number by SMS.

On screen: Code boxes and a 2-minute countdown.
What you can do: Verify, or Resend code after the countdown.
Where it leads: Address check.

Address check

Checks that a signed-in customer has an address.

What you can do: Retry or add an address if loading fails.
Where it leads: Home or Add address.

Guest pages

Show guests what requires an account.

On screen: A sign-up message on Vehicles, Bookings and Notifications, and a shorter Profile.
What you can do: Sign up now, Subscriptions, Terms, Contact us, How points works.
Where it leads: Welcome or the chosen page.

Customer pages: booking

Home

The starting point for booking and for the current wash.

On screen: Address, points, bell and greeting; the wash in progress or a Book again card; services; plans card; offers; three service promises.
What you can do: Change address, open points or notifications, tap a service, open plans or an offer, pull down to refresh.
Where it leads: Service sheet, Plans, Notifications, Set booking location, Wash details.

Service sheet

Shows one service and its optional extras.

On screen: Name, duration, description, extras with prices and running total.
What you can do: Tick extras, tap Next.
Where it leads: Booking details. Guests are asked to sign up.

Plan on Home

Replaces the service list for subscribers.

On screen: Plan name, washes remaining and plan card.
What you can do: Add extra services, or tap Next to book.
Where it leads: Booking details.

Booking details

One page for everything about the wash.

On screen: Cars, dates and available times, location map, notes, add-ons, car freshener switch and total.
What you can do: Choose each item, add a car, change location, tap Confirm.
Where it leads: Order details, or Order confirmed if nothing is due.

Order details

Final review and payment.

On screen: Car, location, notes, date, services, add-ons and total.
What you can do: Apply promo code or points, choose payment, confirm.
Where it leads: Payment page or Order confirmed.

Secure payment page

The payment provider’s page for card payments.

What you can do: Complete the card check.
Where it leads: Order confirmed, or a message with Try again.

Order confirmed

Confirms the booking.

What you can do: Go to orders.
Where it leads: Bookings.

Customer pages: following washes

Bookings

Lists washes in Active, History and Schedule tabs.

On screen: Car, plate, booking date, wash date, colour, status and payment type.
What you can do: View details, Track your wash, pull to refresh.
Where it leads: Wash details or Tracking.

Wash details

Everything about one wash, updating live.

On screen: Request number, status, stage bar, photos, biker, map, car, dates, rating, payment summary, services and add-ons.
What you can do: Cancel when allowed, zoom photos, call or WhatsApp the biker, open the map, rate.
Where it leads: Full map, rating or cancel messages.

Tracking

Live map while the biker comes to the car.

On screen: Biker and car pins, biker name and photo, stages with times.
What you can do: Call or WhatsApp the biker, drag the panel.
Where it leads: Rating when the wash completes.

Lock Screen and notification status

Shows the stage outside the app.

On screen: Dynamic Island and Lock Screen on iPhone, progress notification on Android.

Notifications

Messages from Kleano.

On screen: Icon, title, text, date and unread dot.
What you can do: Tap to open the related page, show or copy promo codes.
Where it leads: Promo codes, Tracking or Wash details.

Customer pages: cars, plans and account

Vehicles

The customer’s cars.

On screen: Photo, brand and model, plate and colour.
What you can do: Tap to edit, swipe to delete, add a car.
Where it leads: Add or edit vehicle.

Add or edit vehicle

Saves a car’s details.

On screen: Photo, brand, model, plate and colour swatches.
What you can do: Upload from camera or gallery, save.
Where it leads: Back to the previous page.

Plans

Monthly wash plans.

On screen: Current plan with washes remaining and expiry, then plan cards with price, washes and points.
What you can do: Expand a plan, Subscribe.
Where it leads: Confirm, payment and success.

Profile

The customer’s account hub.

On screen: Photo, name, phone, wallet balance and points.
What you can do: Open Wallet, Points, Promo codes, Account, Settings, About us; Log out.
Where it leads: The chosen page.

Account

Personal details.

What you can do: Edit name, email, gender, date of birth and photo; delete account.
Where it leads: Edit page or Welcome after deleting.

Wallet top-up

Adds money to the wallet.

On screen: Amount in SAR and payment options.
What you can do: Pay by card or Apple Pay.
Where it leads: Success message.

My points

Shows points and their value.

On screen: Points, SAR value and progress to the redeem limit.
What you can do: View only.

Promo codes

The customer’s codes in Active, Used and Expired tabs.

On screen: Discount, uses and expiry.

What you can do: Reveal codes, tap Use to keep one for the next checkout.

Set booking location

Chooses where the next wash happens.

On screen: Map and saved places.

What you can do: Choose a place, Manage locations, Add address.

Where it leads: Home, Saved places or Add address.

Saved places

Manages addresses.

What you can do: Make one the default, delete others, add an address.

Add address

Saves a place from the map.

On screen: Map pin, street and label choice.

What you can do: Move the map, use my location, zoom, search, save.

Where it leads: Home.

Settings

App preferences.

What you can do: Language, Appearance, notifications on or off.

About us, Terms and Contact us

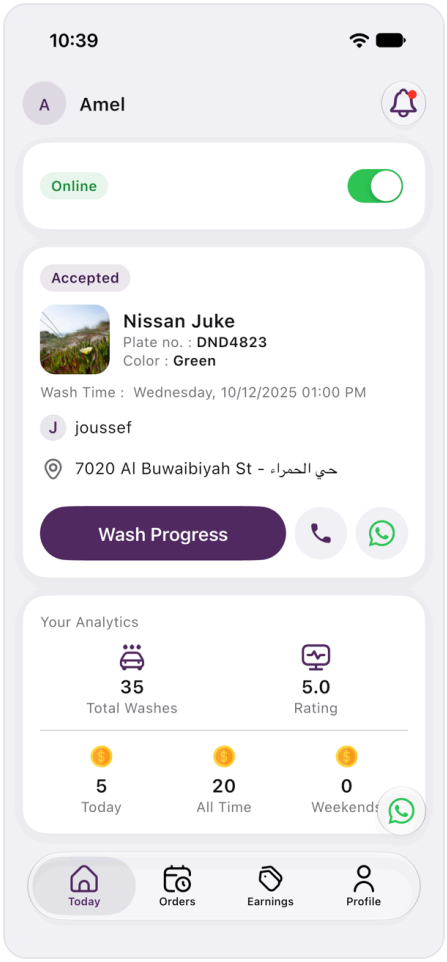

Company information.

On screen: Terms text, emails, phone numbers and social links.

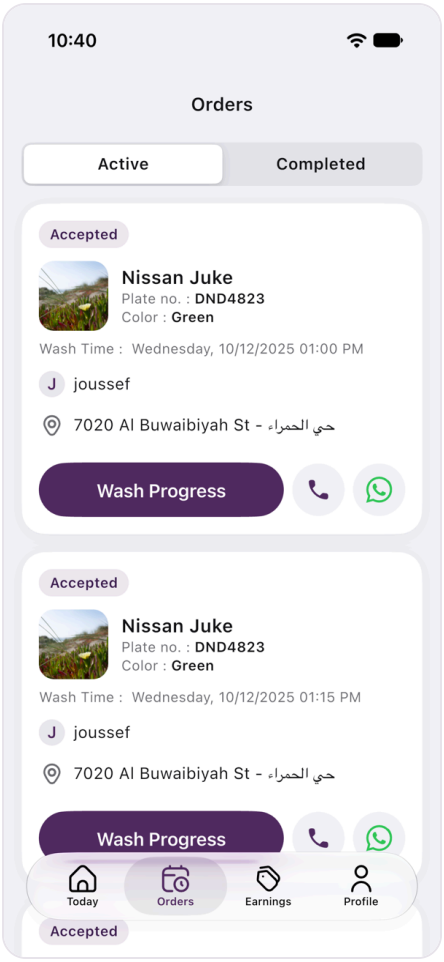

What you can do: Open WhatsApp and social links.

4. Biker app

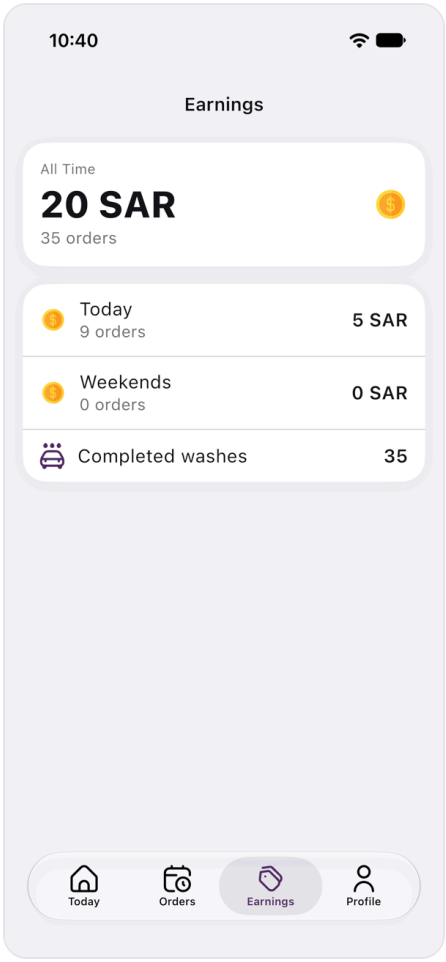

Four tabs run along the bottom: Today, Orders, Earnings and Profile. Bikers cannot sign up in the app; the team creates their accounts from the dashboard.

Today

Orders

Earnings

Biker flows

Sign in

1. Enter username and password, then tap Login.
2. Allow location when asked.
3. Today opens.

Forgot password: enter the phone number, enter the SMS code, set a new password, then log in.

Go online or offline

1. Use the switch on Today, Profile or the map, or tap Go Online Now.
2. Online shows active orders and starts listening for new ones.
3. Offline hides orders until the biker goes online again.

Work a wash

1. On the order card, tap Wash Progress.
2. Swipe On the way to client. Live location is sent during this stage.
3. Swipe Arrive to client.
4. Add a before-wash photo and swipe Start washing.
5. Add an after-wash photo and swipe Complete Wash.
6. Pick stars for the client and tap Submit Feedback.
7. Today opens, and the order moves to Completed.

Stages only move forward. Photos can come from the camera or gallery.

Contact the customer

1. Tap the call or WhatsApp icon on the active order card or map panel.
2. Tap the street to open Google Maps.

Check earnings and schedule

1. Open Earnings for all-time, today and weekend amounts.
2. Open Profile, then My Schedule for shifts by day, time, city and area.

Schedules are set by the team from the dashboard.

Biker pages

Splash and onboarding

Starts the app and introduces it on first launch.

On screen: Logo, then three slides.

What you can do: Next, Skip, Get Started.

Where it leads: Log in, or Today if signed in.

Log in

Signs the biker in.

On screen: Username, password and a Remember my password switch.
What you can do: Login, Forgot password.
Where it leads: Today or password reset.

Password reset

Sets a new password by SMS.

On screen: Phone number, 6-digit code, new password.
What you can do: Send code, Verify, Resend after 2 minutes, save.
Where it leads: Log in.

Today

The biker’s home base.

On screen: Photo and name, bell, status switch, current order, and analytics for washes, rating and earnings.
What you can do: Pull to refresh, open Profile or Notifications, change status, WhatsApp support, act on the order.
Where it leads: Profile, Notifications, order pages.

Orders

Current and finished orders.

On screen: Active and Completed lists when online.
What you can do: Switch list, pull to refresh, scroll for more.
Where it leads: Wash Details or the order map.

Order map (Wash Progress)

The working screen for one order.

On screen: Biker and customer pins, car, customer, contact icons, street and four-stage bar.
What you can do: Swipe to the next stage, contact the customer, open Google Maps, close.
Where it leads: Photo sheet, rating.

Wash Details

Full order information.

On screen: Request ID, customer, street, car, washing date, notes, services and add-ons.
What you can do: Open Google Maps, zoom the car photo, expand a service.

Earnings

What the biker has earned.

On screen: All Time, Today and Weekends with order counts, and completed washes.
What you can do: View only.

Profile

Identity, stats and account links.

On screen: Photo, name, phone, status, analytics and date joined.
What you can do: My Schedule, Personal Information, Settings, Log out.
Where it leads: The chosen page.

Personal Information

Account details.

On screen: Photo, username, password and phone.
What you can do: Change name and photo, change password.

My Schedule

Assigned shifts.

On screen: Cards from Saturday to Friday with time, city and area.
What you can do: View only.

Settings

App preferences.

What you can do: Language and Appearance.

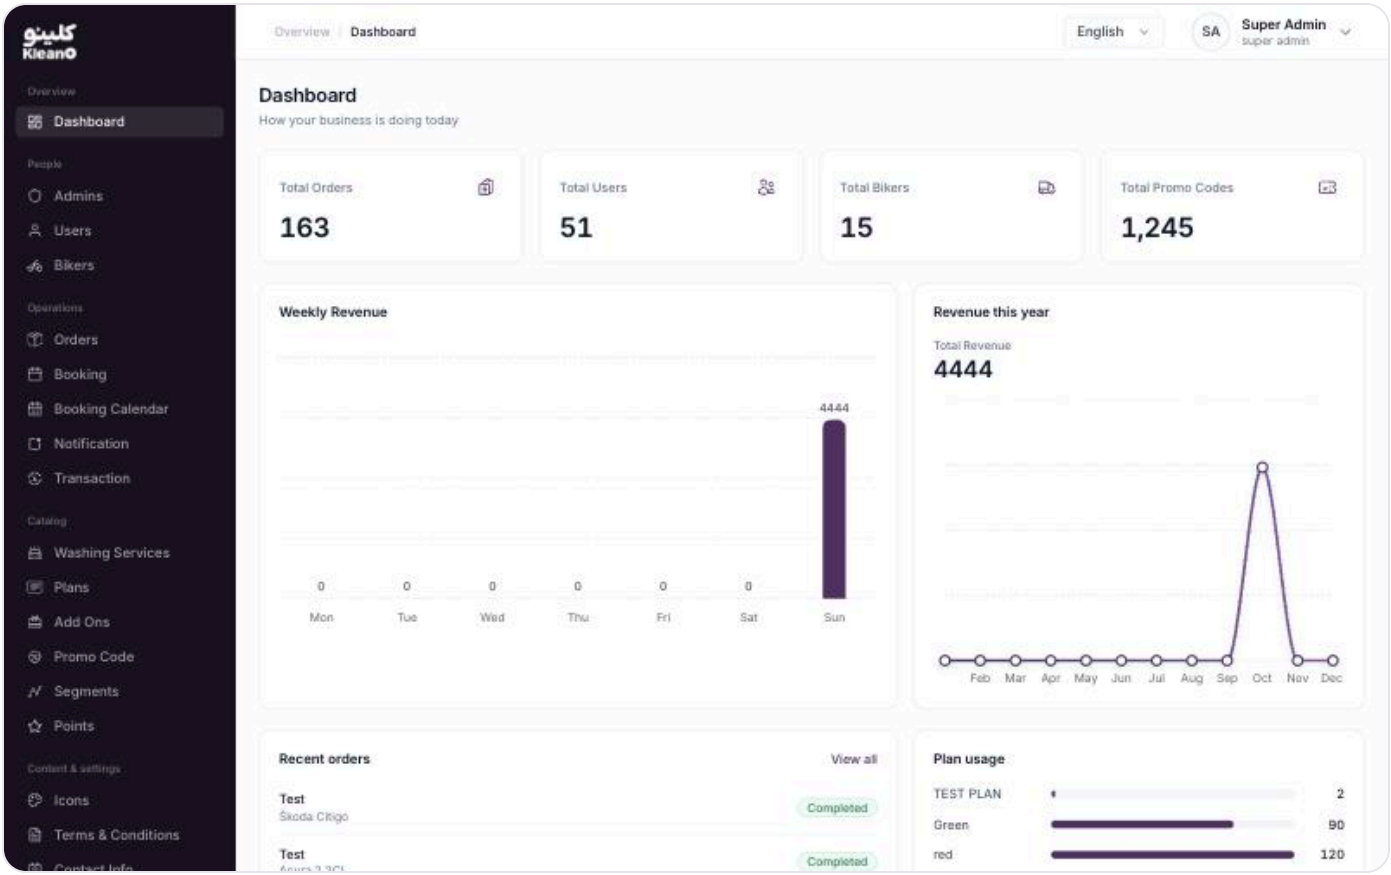

Notifications

Messages for the biker.

On screen: Title, text, time and unread dot.
What you can do: Pull to refresh, tap an order message to open it.
Where it leads: The order map or Completed orders.

5. Admin dashboard

The side menu groups every page. The top bar shows where you are, the language switch and your account menu.

Dashboard overview

Dashboard flows

Handle an order

1. Open Orders, then Waiting for biker.
2. Click the order to open Order Details.
3. Tap the assign biker button and choose a biker for the order’s area.
4. Follow the order through the Live tabs as the biker works it.
5. Find the finished order under Completed, with photos and ratings.

Cancel an order

1. Tap Cancel on the order row or Order Details.
2. Enter Refund Amount and Reason For Cancellation.
3. Tap Confirm. The order moves to Cancelled.

Add a biker

1. Open Bikers and tap Add New Biker.
2. Enter photo, name, national ID, phone and password.
3. Set commission type, commission, orders before commission, minimum and weekend commission.
4. Tap Add.

Set a biker’s schedule

1. On Bikers, tap the calendar icon.
2. Tick weekend days.
3. Pick a day, then a city and areas, each with priority 1, 2 or 3.
4. Tick time slots. Copy To repeats the day on others.
5. Tap Save.

Open booking days

1. Open Booking Calendar and tap Create Sprint.
2. Choose a range of exactly 14 days and confirm.
3. Click a day on the calendar.
4. Tick times, or use Business Hours or Select All, and tap Save Changes.
5. Repeat for each day.

Create a promo code

1. Open Promo Code and tap add.
2. Choose the type: All user, Segment, New comers, Aggregator, Offline or B2B.
3. Choose per-code or per-user use, then enter name, discount and number of uses.
4. Fill the extra fields for that type, such as duration or segment.
5. Tap Add.

Create a segment

1. Open Segments and tap add.
2. Enter a name and select users.
3. Tap Add. The segment can now be used for promo codes.

Top up a customer

1. Open Users and tap Top Up on the row.
2. Enter an amount and optional notes.
3. Tap Continue and confirm.

Publish a banner

1. Open App Banner and tap Add banner.
2. Add English and Arabic images, title and description.
3. Choose an external link, or an internal link to a promo code or plan.
4. Tap Add, then set Status to Active.

Manage a service’s cities

1. Open a service, plan or add-on’s details.
2. Tap Edit next to cities.
3. Add a city, or switch one between Active and Archive.

Dashboard pages: people

Log in

Signs an admin in.

On screen: User name and password.
Where it leads: Dashboard.

Dashboard

A snapshot of the business.

On screen: Totals for orders, users, bikers and promo codes; weekly and yearly revenue; recent orders; plan usage.
